DANCE HUGE SUCCESS

The dance that was staged at the Civic Center in Lake City last Friday night proved to be a success supassed by few. The music was furnished by Ted Underwood and his band and proved to be excellent. As the crowd of young people along with a noumber of elders stepped around to the music one could easily see that they were all fun and enjoyment. Everyone expressed their desire to atten another of the dances

According to the success of the last dance a similar performance will be held sometime in the future.

Don Herrin, Ex-enrollee of this company is now visiting camp and will be here untill Monday. We are glad to have Don with us and expect to make him enjoy his stay in camp more than he has ever enjoyed his staying at 450.

TO STAGE POOL TOURNAMENT

Lt. Engert has announced that there would be a pool tournament sometime in the near future. Before the schedule can be announced it is necessary to give the table a new cover and to arrange the brackets for the players. Just as soon as this is arrainged the tournament will begin and that will decide the champion of company 450.

The rules and regulations will be announced later. It is probable that straight pool will be played. This tournament will give the players something to think about Just who is to be the champion is yet to be decided.

LATRAIN NEARS COMPLETION

The new latrain that has been under construction for the last two weeks is now nearing completion. The carpentry work is all through and everything is all set except the hot and cold water pipes to the showers. It has been estimated that the work will be through Friday night, however it is not certin as yet, it may be Saturday before it is completed.

This building will be much better than the old one and will add to the betterment of the camp and the company as a whole. The floor is made of concrete and this will make it much easier to keep clean and there will not be danger of slipping.

SUWANNEE PHILOSOPHY
By C. W. Johnson

Moses ought to have been hidden in a CCC Barracks, that's where the bull rushes.

****

Many times I've wondered why
I couldn't find a lady fair
To hold me tightly in her arms,
To run her fingers through my hair.
I've wondered why this girl and that
Would glance at me, then turn away
To rush to some more homely man.
For me they'd never make a play.
It couldn't be my lack of brains,
It couldn't be a gross concert,
It couldn't be my pocketbook,
For I'd lay riches at their feet.
-And so I've come to this refrain,
A formula I'll follow through,
I'll buy these things and see if they
Will do the things they say they'll do.

REFRAIN

Oh, Listerine and Pepsodent,
Lavoris by the gallon,
They might bring me a love affair
There really is no tellin';
Yes, Ivory soap and other dope
And Lifebouy by the pound,
I'll slick my hair with Vaseline,
I'm going round and round.
So come you girls and gather close
And let us break the ice.
I've cleaned myself and preened myself
With tons of merchandise.

"twenty three skiddo". The hotest saying of the eighties.

****

As to the mighty ocean, from my heart
Sweet passion surges out
And though they sometimes truggle,
Drowns each taunting lettle doubt.

****

The pliticians life is an open book but if you will turn back the pages in his life you will find that a lot of them are pasted to-gether.

****

Being happy is not trusting to luck and coincidence that everything in life will be perfect but the art of thoroughly enjoying yourself under any circumstances.

****

Just a lad of the CCC
Not quite chained and not quite free,
Not quite hungry not quite full
Jot quite bright or not quite dull,
Just an average man is he,
This young lad of the CCC.

****

The billows roll and the wild waves lash
As the stone raves overhead
And every man of the good ships crew
Has wish to be home in bed.
The sails must be hauled and the cargo lashe
Lest the ship get out of hand
And every man of that good ships crew,
Has wish to be safe on land.
'Tis the worst typoon that has hit these sea
Full many a century.
And the wild wind howls with the ship in its jowls;
Torments in ecstasy.
She rolls and wallows and plunges and leaps
While the sailors scurry around
To keep her head to the northward course
Lest she founder or run around
Yet when the storm, its fury spent
Has hurried away to the west
And the weary lads have gone below
To doff their clothes and rest ,
They lay there in their bunks and feel
The waves that roll so free,
They forget that they ever wished for home;
Are contented with the sea.

****

A tricky contriver,
The CCC truck driver.
What makes him rise so soon?
He used to get up a six o'clock
But now he's in bed at noon.

TENNIS

The tennis cour may be found busy most all the time. Several of the balls show signs of plenty of use while the other equipment is quite serviceable as yet. A good man of the players are getting better and better. If they keep up the good work it will not be long before we will have a few real champs.

During the last month we lost several of our outstanding players however there is still plenty of them left to keep the game going. The court is a good hard clay surface and theball realy goes to ride when it is pounced right.

To the present time it hard to say just who is the champion and with out ad doubt there would be quite a scuffel for first place. Since we are thinking about the champion, "Why not arrainge a tournament"?

HIGH LIGHTS ON THE FIGHT

In eighty amateur and professional fights Louis has scored sixty-five knock-outs, innumerable knock-downs.

"Joe Louis has one facial expression", wrote Dan Parker, New York sports writer. "He uses this expression when he wishes to register amazement, scorn, pain anger, joy, revenge, skepticism, satisfaction or disappointment".

"I fight for something more than money," Schmeling told reporters. "I want to get back as champion".

Braddock states that Schmeling has a chance to win.

Louis's favorit dish is ice cream.

Braddock says Schmeling's timing is bad ude from not fighting in so long a time. He also asserts that Louis if off a little. However the two have a week to profect their punches.

Schmeling's experinece may help him although Louis acts like an old timer.

The fight will be June 18th.

TIT FOR TAT

A small boy leading a donkey passed by a CCC Camp. A couple of men wanted to have some fun with him.
"What are you holding on to your brother so tight for"? asked one of the men.
"So he won't join the CCC", the youngster replied, without blinking an eye.

SIMPLER

Morrison serching diligently along the gutter was approached by an officer who asked:
"What are you looking for"?
"I just lost fifty-cents".
"Where did you lose it"?
"About a half a block down the street".
"Well, why are you looking for it here?" asked the impatient officer.
"Oh! replied Morrison, "The light's much better here".

OVERHEARD ON THE "TURN-OUT" CREW

McCall was complaining about not having a shovel, and finally told the foreman about it.
"Gee whizz, " he gee whiz'ed, "I haven't any shovel".
"Well whatta you kickin' about", was the answer, "If you aint got no shovel you don't have to do any work,"
"I know," pouted McCcall, "But I haven't got anything to lean on - like the other fellows".

HOW HE'S GROWN

The C.C.C. man's wife had just paid the last installment on the perambulator.
CLERK: "Thank you madam. How is the baby getting along?"
LADY: "Oh!, he's all right. He's getting married next week.

SUWANNEE SLUDGE

It has been reported that our very dependable forestry clerck has finaly became a ladies man. When he leaves camp he always goes in one direction but just where he is going is hard to tell. He may take a turn not so very far away or he may wait till he gets to the first little town to stop or lately it is believed that he is drifting on to Jasper. Now just what he has in view can only be written by him his self. That being the case we cannot say much more but it does look as though he has taken Hamilton county as his home county.

Mattin has become a live wire since he has been working in the woods. He gets phone calls that last five minutes from Georgai and oh my what a light hart he has, he must be looking forward to someting.

"Do you want me to make you know it will run ,Lovett ole Kid? Zooooom-- hold on my little mountain queen and we'll go places and do things in this old Buick 28"

Who is the boy who likes to lay in the bed and get turned over, likes to go to a place this side of Lake City and talk with a certin blond there, he allsh likes KP.

And then theres Reed and Hurst the two little boys who are letting an experinced blond win their hearts. Better stay at camp or if you can't do that go home to mama,little boys.

Who was the blond that Green was telling j jokes to the other night? She diden't know the answers either.

450 Threw a game to the Fargo team last Saturday. The game was close during the playing time. This being the first game of the season and by 450 loseing this game it gave her a set off of one game played and one game lost. However Fargo whill pay our company a visit on the 13th of June and we expect to tie the count up with a 500% for each team.

Practice has been going good for the past week and the diamond is in fair shape. Without a doubt our good old 450 will make a struggle that will give a place on the winners list in this next game.

Following is a list of the percentage of the batting average for the team:

Rhoden	5	0	0
Woodcock	5	0	0

THIS YEARS FIRES

The minimum of fires this year and the small amount of area burned can easily be explained by the extracts of an letter from Mr. W. H. Moore of the Taylor Land Corporation to Mr. Earl Porter, District Forester. Following is the extracts from the letter:

I am quoting below, for your information, from letter to me from W. H. Moore of the Taylor Land Corporation:

"I believe you are aware of the small fire on the Taylor Land Corporation tract a few weeks ago. It was caused, we believe, by carelessness on the part of one of the turpentine hands, but in as much as the negro responsible, did everything within his ability to put it out we did not take any action against him other than to impress him with the need of greater care in the extinguishing of matches.

"Approximately 6 acres burned and about 100 faces were damaged. We sish to compliment the White Springs camp on their quick action in sending a crew as it could have been a much more serious fire if conditions for fighting it has not been as favorable as they were. The Benton tower notified us of the smoke at approximately the same time it was seen by our men in the woods. As a result we had a quick concentration of fire fighters and damage was slight.

This letter shows that the fire fighting that the men from camp P-53 have been doing is being noticed and they should be impressed with the attitued with which outsiders watch their work.

The effects of such action will add to the friendship and betterment of the entire organization. Suwannee Echoes congratulates you fire fighters.
